Subject - Request for permission for Industrial visit

Dear

Sir/madam

Greetings of the day.....

Samarth Rural Educational Institute's, Samarth Institute of Pharmacy, Belhe, is approved by PCI, New Delhi, and affiliated with MSBTE, Mumbai. The college promotes and encourages the students for industrial visit (per the ordinance of the board) at reputed organizations like yours to expose them to bridge the gap between field visit and the curriculum of the MSBTE and upgrade their technical skills.

In this context, we are deputing 50 D pharm students, for an Industrial visit to your esteemed organisation on 20.03.2025. I assure you that the students will maintain discipline during the visit and abide by the rules and regulations of your organisational center.

Number of students: 50

Number of staff: 02

It is our humble request to accord the permission to visit your esteemed Organisation

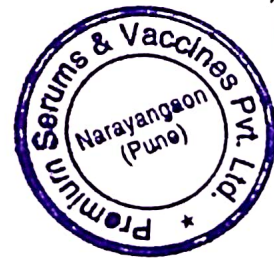

Thanking you,

Yours sincerely,

Dr. Ramteke K.H

Purpose of Industrial Visit:

1. To better identify their prospective areas of work in the overall organizational function.
2. To help enhance interpersonal skills and communication techniques.
3. To sensitize the students to become more aware of industry practices and regulations during industry visits.

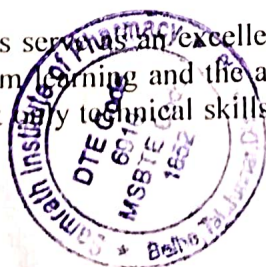

Apart from the academic curriculum of the students, the college has organized an industrial visit for the student to improve their practical knowledge to bridge the gap between curriculum and practical aspects of industry. The college encourages the Diploma students to visit the industry to "Premium Serums And Vaccines Pvt. Ltd" Narayangaon, Junnar, Pune. The college organized the visit to this centre for various detailed presentations about the role of pharmacist in industry, air conditioning system, water purification, animal house facility, and preparation of injectable.

The visit started at morning 10:00 am along with 46 students. We reached to "Premium Serums And Vaccines Pvt. Ltd Narayangaon, Junnar, Pune. at 11:00 am. After reaching the industry, we had interaction with Mr. Salv sir and Mr. More sir. The students and staff were extended a warm welcome by team members of "Premium Serums And Vaccines Pvt. Ltd". The students were divided into two groups and then were taken to different departments of industry like Raw material storage, Animal House, Water management area, formulation, clinical trial area, labelling, packaging, warehousing etc...

A detailed explanation regarding each department was given by industry staff and their team members during the visit. They provided various information and knowledge about their animals used for trials of marketed venon products. This was followed by detailed presentation about the role of pharmacist in industry, air conditioning water purification, and animal house, preparation of injectable etc.... At the end, we visited to animal house where they could see the actual air conditioning arrangement, water management and veterinary care for animals. The students also had an opportunity to observe the storage of injectable with special precautions. Overall, the visit was informative and memorable. To put it into a nutshell, they came to know about the role of pharmacist in the overall management of the Pharma Industry.

After visit students, the faculty of "Premium Serums And Vaccines Pvt. Ltd" was impressed with the curiosity of our students to learn the research process and new research projects at centers. The students were also escorted by accompanied faculty such as Ms Ladda V.S, Mr. Bangar S.G. The students were very happy and felt enriched by the industry visiting "Premium Serums And Vaccines Pvt. Ltd".

Out Come: Industrial visits serve as an excellent platform for students pursuing higher education, bridging the gap between mere classroom learning and the actual work conditions. These visits provide a holistic education equipping students with not only technical skills but also essential life skills necessary for success in the modern workforce.
